Wine List

Lanzerac.

The winelands at it's finest.

Introduction

Lanzerac's winemaking history started in 1914 when the owner, the formidable Mrs Elizabeth Katherina English, bottled the first Lanzerac wine from grapes grown on her land where there were believed to have been 21 imported varietals growing.

The present Lanzerac winemaking team honours the memory of this formidable lady through the Mrs English Chardonnay.

The year 1925 saw the birth of South Africa's first indigenous wine grape variety, Pinotage, which was a cross between Pinot Noir and Hermitage. In 1961, Lanzerac became the first winery in the world to use the term 'Pinotage' on their label when they marketed the 1959 vintage under the name 'Lanzerac'.

This visionary release marked the birth of Pinotage as a unique variety from South Africa. To this day, Lanzerac, under the leadership of Cellar Master Wynand Lategan and viticulturist Michael Roets, is still producing award-winning Pinotage wines along with a wide variety of other cultivars of excellent quality.

Sparkling Wine

Cap Classique

Cap Classique is the term that describes the South African bottle-fermented sparkling wines produced in the French Méthode Champenoise style, whereby the second fermentation has to take place in the bottle that the wine will be served from. The name was derived from the fact that the classic art of winemaking was introduced to the Cape by the French Huguenots. The first bottle-fermented sparkling wine, called Kaapse Vonkel (Cape Sparkle), was produced in South Africa in 1971. Pinot Noir and Chardonnay are commonly used to make the premium styles of these wines, but other varieties like Sauvignon Blanc and Chenin Blanc are also extensively used. These sparkling wines are perfect for celebrations!

The fruity nuances are underpinned by almonds, coconut and dried herbs. Creamy and soft, the sparkling wine caresses the palate, while a fresh acidity and mineral tones surround the subtle aromas of pears and cinnamon. The fine perlage and good structure give the Steenberg Lady R Cap Classique its elegance. The sparkling wine underwent the second fermentation in the bottle and then lay on the yeast for another 52 months. Enjoy the fine bubbly cuvée of Pinot Noir (70%) and Chardonnay (30%) best pure as an aperitif on festive occasions or serve the sparkling wine with light dishes.

Sparkling Wine

Champagne

Champagne, a sparkling wine produced in the Champagne region of France and primarily made from Chardonnay, Pinot Noir and Pinot Meunier grapes, must be made in the Méthode Traditionnelle, meaning the second fermentation process must take place in the same bottle that it is served from. The history of the invention of sparkling wine sparks debate as the French Benedictine monk (Dom Perignon) is often and erroneously credited with having invented sparkling wine in 1697. Records, however, have shown that an English physician, Christopher Merret, had documented attempts to intentionally create a sparkling wine long before Perignon. It is clear, however, that the French played the most important role in perfecting the art of making sparkling wine.

LAURENT PERRIER ROSÉ NV CHAMPAGNE, FRANCE

3 900

An elegant raspberry-coloured bubbly in an iconic pink bottle. Lively and well-rounded, combining elegant red fruit, structure and freshness.

LOUIS ROEDERER CRISTAL BRUT MILLÉSIMÉ 2014/15 CHAMPAGNE, FRANCE

15 500

A golden hue with soft, glowing highlights. Fine, steady, gentle bubbles. Powerful and complex on the palate, revealing a mixture of yellow fruit (Mirabelle plum), juicy, ripe fruits (nectarine), citrus peel (candied orange) and finely-roasted nuts (hazelnut). The nose is simultaneously powdery and sweet, with elegant, chalky notes. Gentle, tactile and full-bodied on the palate. The bubbles create a gentle, vibrating sensation, then the wine becomes soft, dense and juicy. But it is the chalky freshness that quickly sets the tone: the sweetness becomes energetic and intense, giving the wine an elegant yet powerful texture. Fine, textured tannins reveal a poised and vinous dimension to the wine. The finish is savoury and saline.

Sparkling Wine

Cava & Prosecco

CAVA

This is a Spanish bottle-fermented sparkling wine. Cava is typically made from Spanish indigenous grape varieties, namely Macabeo, Parellada and Xarello. The production of Cava was adopted by the Spanish from the French in the late 19th Century when Joseph Ravento of the Codorníu Winery in Catalonia visited Champagne and returned to make Cava in 1872. Like many traditional sparkling wines, Cava is made in a range of styles from very dry and off-dry, to sweeter.

Rosé & Blanc de Noir

Rosé & Blanc de Noir

ROSÉ

These are pink wines, usually light-bodied and made by incorporating the colour of red grape skins to white juice. It is essential to understand that many red-wine grape varieties have white juice and the colour of red wines comes from the period of skin contact after crushing. There are three major ways of making rosé wine, namely short skin contact, bleeding off, and blending of red and white wine. It may be the oldest known type of wine as it is the most straightforward to make, especially using the skin contact method. The pink colours can range from a pale 'onion skin' orange to a vivid near-purple, depending on the varieties and winemaking techniques used. Fresh, fruity, light rosé wines are perfect for summer.

Chenin Blanc is currently the most planted variety in South Africa because of its important role in the production of local brandy, as well as its versatility in wine production as it is made in a wide range of styles, from premium dry table wines to high quality sweet dessert wines. While most South African Chenin Blanc wines are still made in a fresh and fruity style, that is changing. White Wine

Pinot Blanc & Gewürztraminer

PINOT BLANC

Much uncertainty surrounds the early history of this variety as to whether it is a genetic mutation of Pinot Noir or related to Chardonnay as its old name Pinot Chardonnay may suggest. For many years Pinot Blanc and Chardonnay were mistaken for each other, as this grape produces wines that are very similar to and usually blended with Chardonnay.

KELDERMEESTER VERSAMELING BERGPAD 2024 JONKERSHOEK, STELLENBOSCH

560

Exclusively made by our cellar master from a single vineyard on the Jonkershoek Mountain overlooking the Lanzerac facilities. GEWÜRZTRAMINER

Gewürztraminer is, without a doubt, the most distinctively aromatic of all the white grapes. Its origins come from the Traminer variety, a green-skinned grape that takes its name from the village of Tramin, located in South Tyrol, the German-speaking province in northern Italy. It was spread to Alsace, where gewürz (spice) was added to its name. This variety produces an exotic, spicy, perfumed wine that has flavours of litchis and seems full-bodied, even if it isn't. It performs best in cooler climates.

NEETHLINGSHOF 2023 STELLENBOSCH

315

Pale lemon in colour with pronounced aromas of litchi, ripe yellow apples, rose petals and hints of Turkish delight finishing off with hints of marmalade on the palate.

White Wine

Pinot Gris / Pinot Grigio & Viognier

PINOT GRIS AND PINOT GRIGIO

Pinot Gris and Pinot Grigio are in fact the exact same grape variety but the names have come to infer two different styles of wine. The immensely popular Italian-style (Pinot Grigio) wines are typically lighter-bodied, crisp and fresh with vibrant stone fruit and floral aromas, and a touch of spice. In contrast, the French Pinot Gris wines from the region of Alsace are more full-bodied, richer, spicier and more viscous in texture. They also tend to have greater cellaring and ageing potential. In South Africa Pinot Gris/Grigio is mostly made in a dry style.

IDIOM BIANCO 2025 STELLENBOSCH

VIOGNIER

Viognier's home is in France's northern Rhône appellations of Condrieu and Côte-Rôtie. However, it is thought to have originated in Dalmatia (Bosnia) and was imported into France around 280 AD. An early ripener and very hard to grow even in perfect conditions, it has an exuberant character that is generously perfumed and opulent but dry. In spite of lower levels of acidity, it is full-bodied with seductive flavours of apricot, peach, musk and lime blossoms.

TAMBOERSKLOOF 2024 STELLENBOSCH

White Wine

Semillon & Verdelho

SEMILLON

The Semillon grape is native to the Bordeaux region of France. A variety that produces wines considered to be perfectly food-friendly, it is appreciated for its rounded, lanolin-like quality with honey and citrus tones that are only enhanced by oak ageing. Grown mainly in the cooler regions of South Africa, these wines are usually blended with Sauvignon Blanc to add body and structure. As a single varietal wine, Semillon often displays herbaceous, grassy flavours when young but with age this wine becomes rich, luscious, even more lanolin-textured, and increasingly honeyed and toasty.

DAVID NIEUWOUDT GHOST CORNER 2023 ELIM

680

The wine displays a pale straw hue with a nose that opens up to a youthful expression of lemon/lime citrus and subtle hints of crushed pineapple, green melon and a touch of fig leaf dustiness. The wine reveals viscosity and texture on the palate due to lees contact, balancing the palate weight with a refreshingly crisp green apple finish. Best enjoyed after a year or two in the bottle to allow the wine to achieve its full expression and poise.

VERDELHO

Only a few winemakers are producing single varietal Verdelho wines with success.

ROUSSANNE

Roussanne is a white Rhône variety that gets its name from the russet tone (roux) of its skin. Together with Marsanne, with which it is often blended, Roussanne is one of only two cultivars permitted in the white versions of the northern Rhône red-wine appellations of Hermitage, Crozes-Hermitage and Saint-Joseph, and in the exclusively white, often sparkling Saint-Péray. In the southern Rhône, Roussanne is one of four varieties allowed in white Châteauneuf-du-Pape. As a varietal wine or blending component, the variety remains a tiny factor in the Cape's vineyards.

Thought to be German, although there is a variety in Alsace, France, called Bouquettraube, which is said to have originated in Würzburg ('Buket' is German for bouquet). Still grown in Alsace on a small scale, Bukettraube has not been a great traveller. First imported to South Africa in 1967, the variety adapted well. South Africa appears to be the only country outside Germany and France to have any plantings and bottles it as a single varietal wine.

Red Wine

Pinotage

South Africa's own grape – a cross between Pinot Noir and Cinsault (Hermitage) that was created by Stellenbosch University's first Professor of Viticulture, Professor Abraham Izak Perold, in 1925. The first commercial bottling of this variety was done at Lanzerac from the 1959 vintage and the wine was released in 1961. This Pinotage was voted the best wine at the Cape Young Wine Show in 1961, leading to many producers developing some interest in making wine from this variety. When young, Pinotage wines are packed with plum and berry flavours, which then soften and develop associations with prunes, cherries and cassis, as well as red and black berries. Usually medium-to full-bodied, sometimes with a sweet sensation on the finish, and with a complexity that makes Pinotage age well for up to 10 years and more.

Merlot is one of the primary grapes in Bordeaux, where it is the most widely planted variety. It was introduced to the Cape winelands around 1910, although it was only from the mid-1980s that the wine 'took off' as a variety bottled on its own. It remains a popular component in the country's Bordeaux-style blends, and is grown throughout most of the winelands, though predominantly in Stellenbosch and Paarl. The wine usually appears as dark purple or blue coloured, and has a fresh and fruity taste, full of red fruits.

Red Wine

Shiraz / Syrah

Although some reckon that Shiraz/Syrah originated in the town of Shiraz in Iran and others argue that it came from Syracuse in Sicily, in fact the variety originated in the Rhône Valley of France. It thrives in warmer climates which is why South Africa is one of the leading producers. Red Wine

Cabernet Sauvignon

Described as the 'King of Grapes', Cabernet is associated with some of France's finest, with Bordeaux considered to be its home. This popular variety has been cultivated throughout the world's major wine-producing countries. It is bottled on its own but is also often blended with Cabernet Franc and/or Merlot, with some combinations also including Petit Verdot and/or Malbec. No record exists to confirm Cabernet Sauvignon's first arrival in South Africa, although it is likely that the variety has been here for over 200 years. By the 1920s it had become one of the country's top-quality red varieties and today it is grown in virtually all of the wine-producing areas. South Africa has made itself one of the go-to countries for consumers looking for a deep red wine with all the traditional flavour of a French Bordeaux. It has become a specialist at producing award-winning Cabernet Sauvignons which are prized by wine connoisseurs all over the world, yielding the familiar aromas and flavours of blackcurrant, cedarwood and lead pencil shavings, with perhaps a whiff of sweet vanilla oak. South African Cabernet is also known to show additional aromas and flavours of green pepper, mint, dark chocolate, tobacco and cloves. As it matures, it takes on the aroma of a forest floor.

Cabernet Franc & Grenache

CABERNET FRANC

Cabernet Franc is one of the major red grape varieties worldwide. It is principally used for blending with Cabernet Sauvignon and Merlot in the Bordeaux style but can also be found as a single varietal bottling. Cabernet Franc is one of the genetic parents of Cabernet Sauvignon although it is lighter, making bright pale red wines, and contributing finesse and a peppery perfume to blends with more robust grapes. Depending on the region and style of wine, additional aromas can include tobacco, raspberry, and cassis – sometimes even violets.

GRENACHE

One of the world's most widely planted grape varieties, Grenache is a quintessentially Mediterranean red-wine variety. It originated in the northern province of Aragon, Spain, and spread to Rioja and Navarra. Grenache is also the dominant variety in most southern Rhône wines, especially Châteauneuf-du-Pape, wherein it is typically over 80% of the blend. Grenache is also used to make rosé wines in France and Spain, notably those of the Travel district in the Côtes du Rhône. Single variety Grenache wines are increasingly being produced in South Africa with success, with areas such as Piekenierskloof and Swartland being well-reputed sources for premium grapes. These wines display distinctive black pepper and spice – the cloves, nutmeg and cinnamon of a Christmas cake – with red plummy fruit.

Red Wine

Pinot Noir

Pinot Noir 'took root' in the Côte d'Or in the heart of the Burgundy region in France in the 4th century AD, and in Champagne, where it is traditionally blended with Chardonnay. Of all red wines, Pinot Noir is the one that is associated with the most elegance due to its ability to combine a low tannin structure with a whole spectrum of upfront fruit flavours of raspberries, strawberries, cherries and cranberries, as well as violets and roses.

HAMILTON RUSSELL 2023/24 HEMEL-EN-AARDE VALLEY

2 475

Our low-vigour, stony, clay-rich soil, cool maritime mesoclimate, naturally tiny yields of well under 35 hl/ha and our philosophy of expressing our terroir in our wines - give rise to a certain tightness, tannin line and elevated length to balance the richness and generosity of our Pinot noir. Our Pinot noir is not overtly fruity, soft and "sweet" and it generally shows hints of that alluring savoury "primal" character along with a dark, spicy, complex primary fruit perfume.

CATHERINE MARSHALL ON CLAY SOILS 2024 CAPE SOUTH COAST

850

Layered and textured truffle savouriness and earthy forest floor interwoven with concentrated black cherry compote harmoniously supported by mineral textured tannins.

NEWTON JOHNSON WALKER BAY 2023/24 WALKER BAY

790

Perfumed layers of red fruits; the warm, rich spice and woody notes mingle with earthy mushroom and dried flower characters. The generous and polished palate is gripped with fine, chalky tannins. Ripe raspberry fruit provides some flesh to the mid palate, with long savoury liquorice flavour in the finish.

THELEMA SUTHERLAND 2023 ELGIN

700

This Pinot Noir was aged in French oak barrels for 9 months and shows pure strawberry fruit aromas and lovely perfumed spice and earthy characters on the nose. The wine is wonderfully balanced with a long refined finish.

Red Wine

Malbec

This is a deep-coloured grape long known as one of the five varieties allowed in the blend of red Bordeaux wine. The French plantations of Malbec are now very few and found primarily in Cahors in the southwestern region of France. It is increasingly celebrated as an Argentine varietal wine and is being grown around the world. While the variety can be harsh and tannic in France (usually needing Merlot to soften it), in Argentina, where it is grown extensively, it produces a softer, juicier style of red. In South Africa it produces a plummy, meaty wine, with intense raspberry and mulberry fruit undertones.

**KELDERMEESTER
VERSAMELING DOK 2022
JONKERSHOEK,
STELLENBOSCH**

780

This flavour packed wine showcases notes of mulberry, fruit pastilles and liquorice on the nose that follows through to a juicy palate. The emphasis is on fruit, but soft, polished tannins. The acidity adds to the complexity and balance of this wine.

**DOOLHOF BLOEDKLIP 2020
WELLINGTON**

2 358

The nose of this wine is richly dense and savoury with hints of plum, black truffle and appears slightly rustic, almost reminiscent of an old-world classic. The fruit remains pure and concentrated and follows through with well- rounded and well-balanced tannins.

**DOOLHOF SINGLE
VINEYARD 2024

780

Intense garnet to dark purple in colour with vibrant aromas of violets, cocoa, and blackcurrant. The palate shows richness and roundness, with flavours of blackberries and plums.

**RAKA 2022
KLEIN RIVER**

680

A fragrant Malbec with plums, blackberries and cassis and a smoky tone on the nose. The same fruit flavours carry through on the palate and the plum makes for juicy and jammy tannins complimented by well-integrated oak with a lingering finish.

**PAUL WALLACE
BLACK DOG 2022
ELGIN**

730

Much like the dog the wine is dark in colour, well-muscled intense and full of character. The Black Dog Malbec presents with an intriguing somewhat exotic nose, conjuring up hints of blue berries, black berries, bramble, rhubarb and dark chocolate. The entry onto the palate is a satisfying fruit-filled mouthful of dark fruits linked by a thread of white pepper and nutmeg and held together with amiable tannins – just enough to contribute to food friendliness. The Black Dog Malbec is a truly memorable wine which reflects the natural elegance we have come to expect from Elgin wines.

Red Wine

Petit Verdot

A classic grape variety that is mostly used to add extra power and weight behind the famous Bordeaux-style blends. On their own, these wines are ageworthy and show excellent quality although they require time to settle and enable the taut tannins to mellow. They are concentrated, tannic wines, deep in colour, with ripe berry fruits and they bring a whole range of flavours of strawberry, blueberry, black olive, liquorice, violet and oregano.

STELLENBOSCH VINEYARDS 'THE FLAGSHIP' 2018 STELLENBOSCH

1 600

Deep and rich exemplifying the robust and intense nature of Petit Verdot. This deep ruby-hued wine offers intense dark cherry and blackcurrant flavours with great fruit purity. It has refreshing acidity and rich, complex savoury support. With a succulent and rich mouthfeel coating the mouth for a long after taste of warm spices and dried fruit.

ZORGVLIET 2020 BANGHOEK, STELLENBOSCH

730

Dark plum coloured with coriander, cloves and fruit cake on the nose. The wine shows dark plum and prune fruit on the palate.

LE BONHEUR 2020 STELLENBOSCH

1 480

The Le Bonheur Petit Verdot Reserve is renowned for its intense colour, fragrant notes of violets, black berries and dried spices. A collector's item that will benefit from cellaring of up to 20 years.

RAKA 2020 KLEIN RIVER

780

NEDERBERG PRIVATE BIN R104 PETIT VERDOT 2010 WESTERN CAPE

1 400

Concentrated dark berries, coffee, cacao and leather. Tertiary elements is slowly settling into this dense and masculine Petit that still has mouthcoating tannins that is unyielding, while the flavour profile is mature. A structured, dry, bold red that will go well with hard, full flavoured dishes.

Red Wine

Cinsault

Cinsault comes from France, where it is spelt Cinsault, not Cinsaut. It is grown mainly in the south, from Provence to the Midi. The variety was imported from the south of France in the mid-19th century and, until the rise of Cabernet Sauvignon in the late 20th century, it was the single most widely planted red cultivar in South Africa at a time when it was better known as Hermitage. Cinsault is used chiefly as a blending component but single varietal bottlings are increasing again. It owes its popularity among farmers to its ability to withstand hot growing conditions and produces wines that have become favourites with chefs and sommeliers alike because of their pairing abilities.

**KELDERMEESTER
VERSAMELING KURKTREKKER
2023**

**JONKERSHOEK,
STELLENBOSCH**

840

This wine has a floral nose with supple, fruity undertones. The palate is silky with an understated length, owing to the use of 100% Cinsaut from a higher altitude vineyard in Jonkershoek.

**NEIL ELLIS 2017
GROENEKLOOF**

1 000

Medium in colour with a bright crimson hue, this wine portrays a complex mix of red fruits, spicy notes and perfume. Interesting complexity is gained from subtle ageing in oak. The palate is bright and youthful with cherry and fruit tart flavours. Fine grainy tannins add to the structure of the wine, leading to an elegant finish.

**VAN LOGGERENBERG
LOTTER 2023
FRANSCHHOEK**

1 758

The wine is made from the second oldest red wine vineyard in the country. The vineyard was planted in 1932 by Koos Lötter on his farm located in Franschhoek. These old bush vines are dryland farmed and produce exceptional fruit. The soils are decomposed granite with underlying sandstone which gives this wine its elegance and finesse.

**AA BADENHORST
RINGMUUR 2022
SWARTLAND**

1 750

The Ringmuur vineyard was planted in 1963 on decomposed granite soils surrounded on two sides by an old farm ring wall. Made using carbonic maceration for 20 days in a closed tank, then transferred to a large old vat for another approximate 11 months. With cherries and rose petals on the nose it is light and elegant, yet has the typical dry Cinsault tannin grip on finish. A real unicorn wine from the Swartland!

**WATERKLOOF SERIOUSLY
COOL 2023
STELLENBOSCH**

650

The old bush vines gave rise to a soft, vibrant and yet structured wine. It is playful in its aromas with loads of red berries, pronounced florals and slight earthy notes. In the mouth, the prominent fruit aromatics are complemented by soft tannins with great length.

Red Wine

Nebbiolo & Zinfandel / Primitivo

NEBBIOLO

A native of the northwestern region of Piedmont, this variety produces some of the best quality wines in Italy. A variety that prefers cooler conditions, Nebbiolo has experienced some problems with sunburn in South African vineyards. Steenberg from Constantia has included a single varietal Nebbiolo in its portfolio since the late 1990s that is a yardstick for this variety. Wines offer a perfumed nose with plum, strawberry and fruit aromas, and upfront blackberry and dark cherry flavours. A full-flavoured, excellent food wine.

STEENBERG 2019 CONSTANTIA

939

The nose initially shows a savoury aroma reminiscent of heirloom tomato relish. This is followed by hues of aniseed and dried porcini mushrooms along with some sour cherry, rooibos tea leaf, rose petal and bran. The wine displays the natural tart acidity and grippy tannins of Nebbiolo on the palate, although with a well-rounded

and lighter mouth-feel than can sometimes be the case with this varietal. The bright, fresh palate eases off to reveal a classic Nebbiolo varietal character: sour cherry, raspberry and tobacco leaf linger to give the wine brilliant length and persistence.

ZINFANDEL / PRIMITIVO

Zinfandel is thought to be of European origin and is the same variety as Italy's Primitivo. However, as California's most widely planted red-wine grape at one stage, today it is synonymous with these winelands, where it has been planted since the mid-1880s. In South Africa, plantings are still small and are largely confined to Stellenbosch and Paarl, where they have been around since the 1970s. The variety is associated with rich fruitiness, and dark berry fruit and cherries are often the ones most easily identified. A nose of brambly fruit flavours can develop into a rich, spicy stew with time. Another distinctive aroma is raisins.

IDIOM 2020 STELLENBOSCH

1490

Silky and spicy. This elegant, medium-bodied expression of Stellenbosch Zinfandel, also known as Primitivo, exhibits a superb power-to-weight ratio. Aromas of candied raspberry and hibiscus dominate the nose. An effortless entry leads to an explosive revolving tray of bay leaf, tobacco leaf and mulberry flavours dancing on the palate. A refreshing wine with an attractive long finish.

HESS SELECT 2013 CALIFORNIA, USA

1350

Generous aromas of sweet purple plums, blackberries, blueberries and brambleberries with some underbrush as a backdrop. While this is a big Zinfandel, it is also balanced and elegant. Blackberry and black raspberry notes with a hint of vanilla on the finish.

Red Wine

Sangiovese & Tempranillo

SANGIOVESE

From central Italy, Sangiovese is the Chianti grape par excellence, responsible in Tuscany for the famous Chianti Classico, Brunello di Montalcino and Vino Nobile di Montepulciano wines. A relative newcomer to the Cape with only a few vineyards planted, interesting single varietal wines have been made by a few producers.

IDIOM 2021

STELLENBOSCH

1 490

An enticing and emotive wine. This modern and elegant Stellenbosch Sangiovese presents tantalising nose and complex mouthfeel. Initial signature sweet and sour cherry flavours develop into riper, darker fruit notes. Complex gravel, tomato leaf and cinnamon notes combine with savoury spices to enhance the sweet and sour profile of Sangiovese. A silky, well-balanced wine to treasure and enjoy. Try with pork belly and Fiorentina steak.

TEMPRANILLO

Tempranillo, also known as Tinta Roriz in Portugal, is the noblest red grape variety of Spain's Rioja region. The grape takes its name from the Spanish word for early, 'temprano', as it tends to ripen early. In Rioja the variety is famous for producing dark-coloured wines that are capable of ageing without losing their colour. Tempranillo is said to have arrived in the Cape with famous port varieties such as Tinta Barocca and Souzão some 50 years ago as it is especially well adapted to hot climates. Vastly used locally as a blending component in the wines of various port houses in the country, characteristic flavours include plums, blackcurrants, cassis, tea, brown sugar and vanilla.

MARQUES DE MURRIETS GRAND RESERVA 2015 RIOJA

3 980

Over a base of balsamic aromas, there are hints of spices, ripe black berries, cassis, and figs. The delicate aromatic range is completed with mineral and light earth notes. The wine is refined and it has a lively palate, with silky texture that is wrapped by polished tannins and a long, persistent finish. A well-structured wine that has long to live.

ATLAS SWIFT 2021 WESTERN CAPE

1 560

Layered aromas of black cherries, dried figs, cocoa, tar and cedar wood and with some rolling we also smell dill and rose petal. The tannins give the wine a muscular backbone. The taste is fruit driven, with soft flavors of red berries, dried apricots and anise seed.

LE GRAND VIN DE 2020 STELLENBOSCH

1 800

The dense opaque wine has beautiful, perfumed notes of fresh violets that melt away to reveal ripe, intense notes of Crème De Cassis, blueberry crumble and plum. The wine has gravitas, intensity and a presence that is neither heavy nor overpowering. A remarkable synergy between these four cultivars creates a seamless integration of oak spice and oak tannin entwined with the Cabernet's masculinity and the feminine Merlot, adding real depth and complexity to the wine.

CHATEAU DE FERRAND 2015 SAINT-EMILION

3 180

Staying true to the wines of the Saint-Emillion appellation, Château de Ferrand has a garnet colour and an intense nose of ripe fruit and spice. It is clean in the attack with smooth tannins. It then develops very ripe red fruit, blackcurrant, raspberry and blueberry notes and a lingering, elegant finish.

Alternative Style Blends

KELDERMEESTER VERSAMELING PROF 2022 CAPE COAST

880

This blend comprises 60% Cinsaut and 40% Pinot Noir. The inspiration for this wine is an effort to find out what Professor Abraham Perold had in mind when he created Pinotage by crossing Cinsault and Pinot Noir in 1925. This wine has a prevailing sense of freshness and lightness in body, an expressive fruit spectrum that leans towards tangy sour cherry and ripe red fruit. A soft and delicate palate with fundamental complexity rounds off seamlessly to a refreshing finish.

RESERVE 2021 JONKERSHOEK, STELLENBOSCH

The result is a bold, charming, seductive and ultimately elegant wine.
